Executive Order 2021-21

### EXECUTIVE ORDER TO FIGHT HOMELESSNESS IN ILLINOIS

**WHEREAS**, COVID-19 has required Illinois to be strong, cooperative, and adaptive. The pandemic has also laid bare the deepest fissures in our social fabric and magnified them. Homelessness continues to be a pervasive challenge for our State with multiple drivers that include behavioral health, re-entry, trauma, and substance use disorders, as well as the social and environmental determinants of poverty, race, and education; and,

**WHEREAS**, the current crisis has created waves of economic instability which have affected Illinoisans most vulnerable to housing insecurity. It requires the strengthening of our State's safety nets so that homelessness becomes an experience that is rare, brief, and non-recurring. Success requires coordination of State efforts so that Illinoisans have access to resources that address homelessness holistically; and,

**WHEREAS**, this is a momentous opportunity to stand on the foundation built by the Illinois Commission on the Elimination of Poverty, and to execute a robust and sustainable solution to homelessness. Illinois' legacy to future generations will be a State that values the dignity of human life and the right for everyone to have a home; and,

**WHEREAS**, Illinois has an estimated 10,000 persons experiencing homelessness on any given day, including families, veterans, and unaccompanied young adults, as reported by the State's Continuums of Care to the U.S. Department of Housing and Urban Development in January 2019; and,

**WHEREAS**, an estimated 52,978 Illinois public school students experienced homelessness over the course of the 2017-2018 school year, as reported to the U.S. Department of Education. Of that total, 467 students were unsheltered, 5,140 were in shelters, 2,037 were in hotels/motels, and 44,875 were doubled up (having one or more adults in addition to the head of household and spouse or partner, such as an adult child living at home, two related or unrelated families residing together, or a parent living with an adult child); and,

**WHEREAS**, according to the COVID-19 Eviction Crisis Study by the University of Illinois, Chicago and Southern Illinois University, there were 414,000 Illinois households who were low-income renters and had at least one member who was working in an industry impacted by COVID-19; and,

**WHEREAS**, an estimated 60,000 evictions are expected to occur in 2021, triple the number in 2019 due to the economic impact of COVID-19 and the end of the eviction moratorium, according to The Eviction Lab at Princeton University; and,

**WHEREAS**, people of color are experiencing disproportionate negative outcomes from COVID-19. Communities of color, disadvantaged from a long history of racism that has

undermined their financial stability and housing security, now find their hardships further exacerbated by the ongoing pandemic. Homelessness prevention and housing security programs and policies must include and prioritize a race-conscious framework and equity-based decision making; and,

**WHEREAS**, recovery from the pandemic should include innovative and longer-term approaches to support individuals at risk of housing insecurity as a direct result of the current COVID-19 crisis, as well as individuals experiencing chronic homelessness. Because homelessness is rooted in a complex array of issues, including mental health, substance use disorder, poverty, racism, experience with the correctional system, and violence-induced trauma, implementing systemic change to end homelessness requires a high degree of coordination and cooperation among federal, state, and local governments, as well as private sector and philanthropic stakeholders; and,

**WHEREAS**, the Illinois Homeless Prevention Act (310 ILCS 70) requires the Illinois Department of Human Services to establish a family homelessness prevention and assistance program to stabilize families in their existing homes, to shorten the amount of time that families stay in emergency shelters, and to assist families with securing affordable transitional or permanent housing; and,

**WHEREAS**, the Illinois Youth Homelessness Prevention Subcommittee Act (15 ILCS 60) was created to drive the State's strategic vision for preventing homelessness among youth leaving State systems of care; and,

**WHEREAS**, forming a statewide Interagency Task Force and a Community Advisory Council is an important and effective tool in the plan to prevent homelessness and support people and families who experience homelessness, building upon the interagency coordination initiated in response to COVID-19 and bringing together State resources for this common goal, prioritizing community partnerships in developing and implementing solutions, and drawing from the deep knowledge of assets like local housing authorities, continuum of care networks, and housing advocates;

**THEREFORE**, I, JB Pritzker, Governor of Illinois, by virtue of the executive authority vested in me by Article V of the Constitution of the State of Illinois, hereby order as follows:

1. An Illinois Interagency Task Force on Homelessness ("Task Force") is established.

The Chief shall serve as a policymaker and spokesperson on homelessness prevention, including coordinating the multi-agency effort through legislation, rules, and budgets and communicating with the Illinois General Assembly, federal, and local leaders on these critical issues.
4. The Task Force, under the leadership of the Chief, shall meet at least four times a year and shall:

Recommend and promote effective interagency collaboration and system integration to converge related efforts, including coordination with the Illinois Youth Homelessness Prevention Subcommittee, the Illinois Commission on the Elimination of Poverty, and the Illinois Commission to End Hunger on drafting policy recommendations related to the intersection of homelessness and poverty.
  - h. Recommend needed policy, regulatory, and resource distribution changes; make oversight recommendations that will ensure accountability, results, and sustained success; and develop specific proposals and recommendations for action to provide to the Governor and the General Assembly.
  - i. Prepare an annual report to the Governor and General Assembly by December 1 of each year, starting December 1, 2022, summarizing the Task Force's activities, summarizing progress on preventing and ending homelessness in Illinois, summarizing the recommendations of the Community Advisory Council and the Task Force's responsive recommendations and actions; and reporting on outcomes and measures relating to homelessness.

6. The Community Advisory Council shall meet at least four times per year to discuss and make recommendations to the Task Force regarding homelessness and unnecessary institutionalization with the goals of achieving functional zero homelessness, improving

health and human services outcomes for people experiencing homelessness, and strengthening the safety nets that contribute to housing stability.
